Summary

I am a creative and highly motivated web developer with experience in website design and development. With my experience as a designer, I am comfortable at design and design patterns using Adobe Creative Cloud. As a developer, I am comfortable at utilizing the front-end languages: HTML, CSS and JavaScript. Also, I am familiar with other technologies such as React.js, jQuery, and Java. Currently, I specialize in front-end web development, but looking forward to back-end roles.
